

Participation in Emergency Medicine Debate Session at KIMS Manavata Hospital

Date: 27th May 2026

Venue: KIMS Manavata Hospital, Nashik

The Department of Emergency Medicine, MPGIMER MUHS, Nashik, had the privilege of being invited to participate in an academic debate and panel discussion organized at KIMS Manavata Hospital, Nashik, on 27th May 2026. The event brought together experts from various specialties to discuss and deliberate on several important and contemporary topics related to Emergency Medicine and emergency department practices.

The academic session was conducted under the leadership of Dr. Shubhangi Kamble, Head of the Department of Emergency Medicine, KIMS Manavata Hospital, who skillfully moderated and guided the discussions throughout the event.

Representing the Department of Emergency Medicine, MPGIMER MUHS, Nashik, were

Dr. SR Sonavdekar, Professor and Head, Department of Emergency Medicine, and Dr. Shubhi Bhatnagar, Senior Resident, Department of Emergency Medicine, who actively participated in the panel discussions and contributed valuable insights from their clinical and academic experience.

The multidisciplinary panel also included distinguished specialists from Neurosurgery, Cardiology, and Intensive Care Medicine, fostering a comprehensive and collaborative discussion on various emergency care challenges and management strategies. The exchange of perspectives from different specialties enriched the deliberations and highlighted the importance of teamwork and coordinated decision-making in the emergency department.

The debate covered several critical aspects of emergency care, encouraging evidence-based discussions, sharing of best practices, and exploration of innovative approaches to patient management. The session provided an excellent platform for academic interaction, professional development, and strengthening interdepartmental collaboration among healthcare professionals.

The Department of Emergency Medicine, MPGIMER MUHS, Nashik, expresses its sincere gratitude to KIMS Manavata Hospital and Dr. Shubhangi Kamble for the invitation and warm hospitality. Such academic engagements play a vital role in advancing knowledge, promoting multidisciplinary learning, and enhancing the quality of emergency care delivered to patients.

The event was highly informative, intellectually stimulating, and served as a valuable opportunity for knowledge exchange between institutions committed to excellence in

Emergency Medicine.
