

Skit on “Stop Violence Against Emergency Physicians”

Department of Emergency Medicine, MPGIMER MUHS, Nashik

Date: 27/05/2026

On the occasion of World Emergency Medicine Day 2026, the Department of Emergency Medicine, MPGIMER MUHS, Nashik, organized an awareness skit on 27th May 2026 based on this year's theme: "Stop Violence Against Emergency Physicians."

The skit was performed by the residents and interns of the Department of Emergency Medicine with the objective of highlighting the challenges faced by emergency healthcare workers and creating awareness regarding the increasing incidents of violence against emergency physicians. Through an engaging and impactful performance, the participants portrayed real-life situations commonly encountered in emergency departments and emphasized the importance of understanding, empathy, effective communication, and support for healthcare professionals working in high-stress environments.

The program was conducted under the guidance of Dr. SR Sonavdekar, Professor and Head, Department of Emergency Medicine, whose leadership and encouragement were instrumental in the successful execution of the event.

The activity was coordinated by Dr. Shubhi Bhatnagar, Senior Resident, Department of Emergency Medicine, along with the residents and interns of the department, who actively participated in conceptualizing and presenting the skit.

The performance received an enthusiastic response from the audience and effectively conveyed the message that violence against healthcare workers adversely affects not only the physical and mental well-being of physicians but also the quality of patient care and the functioning of emergency services. The skit served as a meaningful initiative to raise awareness and advocate for a safer and more respectful working environment for emergency physicians.

The Department of Emergency Medicine remains committed to promoting awareness regarding workplace safety, protecting healthcare workers, and ensuring the delivery of compassionate and high-quality emergency care to the community.
